BOB WEBB GROUP OPENS MODEL PATIO HOME AT STONEBRIDGE CROSSING

Lewis Center, OH - Bob Webb Group has opened a model at Stonebridge Crossing, a patio home development located at Hayden Run Road and Camden Place Drive. This residential community will feature 47 luxury patio homes in the City of Columbus but with immediate proximity to the amenities of Dublin, Hilliard and Upper Arlington.

“This is a beautiful community with ravine lots, mature trees, lots of green space and a pedestrian-friendly layout. In addition, the close proximity to the area restaurants and nearby shopping is a convenience to residents,” said Neil Rogers, VP of Sales & Marketing.

The new model is a “Roxbury” floor plan, a 2248 square foot ranch design with three bedrooms and three baths. The homes in Stonebridge Crossing begin in the low \$400,000’s and the customizable floor plans range in size from 1800 square feet and up. Many of the properties can accommodate a 3-car garage. Patio homes provide the convenience of condominium living such as lawn care and snow removal, with the benefit of being freestanding structures.

Stonebridge Crossing is located off of Hayden Run Road within close proximity to Tuttle Mall, highways, river and parks. It’s a private and wooded setting with a stone bridge entrance into the community. Trees and green space have been worked in to the community plan, as well as sidewalks, to create a welcoming and community-oriented neighborhood.
